Additional Backup Information

The Austin Department of Aviation (ADA) leases portions of the Austin Bergstrom International Airport (ABIA) to Fixed Base Operators (FBOs). As part of this lease agreement, the ADA maintains the aviation aprons. The ADA conducts an annual inspection of airport pavements to ensure safe and efficient aircraft operations. For 2011, the FBO aprons were selected and prioritized for maintenance to prevent premature pavement deterioration and extend the useful life of the pavement.

This project work consists of repair and rehabilitation of the general aviation apron and associated parking facilities.

The contract allows 50 working days for completion of this project. This project is located within zip code 78719 and is managed by the Public Works Department.
